GAS.—A splendid flow of gas was found in well No. 2 of the Rockcastle development Co., Tuesday. The gas was struck at a depth of a little over 500 feet, or at about the same depths as in well No. 1.

The two wells are only about one-half mile apart and every indication points that well No. 2 will be a stronger well than No. 1. The prospects for oil in well No. 2 are very flattering, and experts in the business, are confident that oil will be found. Striking of gas has created a good deal of enthusiasm, and even though oil is not found, it is more than likely several other wells will go down in search of gas which will be utilized in burning lime.

COLLEGE NEWS.

Will McBee, Abel Pennington, and Dora Blackburn have been enrolled since we last reported in print.

The Xmas vacation begins December 24, and lasts two weeks. This will enable the public school pupils to begin the work with the classes January 8. Those who enter school even a week late lose the first principles taught in each subject, and thus are handicapped throughout the term. From chapel:

"Our best friends are the ones who help us to be our best selves." "Modern education demands a sound body for the sound mind; hence much attention is given to physical training. It has been dis-

covered that the mere exercise of singing is a great help toward keeping the lungs in good condition, that it will prevent, cure, or ameliorate lung diseases. Statistics in Italy show that singers are long lived, and that brass instrument blowers who bring lungs and chest into unusual activity have not had a consumptive victim among them. No matter how thin or weak the voice young people should be encouraged to sing. If we, the hearers, must sometimes suffer, we will cheerfully bear the infliction in view of the good it may do."

Thieves entered the henery of Editor Walton Sunday night and stole four pullets, graciously leaving him about the same number. —Lexington Democrat. This is the best proof we have had yet that our brother is progressing nicely in his adopted home. CARD OF THANKS.

To the Republican voters of Rockcastle, I owe a debt of gratitude for their cordial support in my race for jailer, and I take this method of acknowledging my gratitude for the splendid vote I received at the recent primary; and it pleases me to know that every vote I received were true blue Republicans. And I here state I am for the nominees of that primary, and for the best interest of the Republican party.
